We can also design our cabinets with battery. Multilink offers various options for you to design and expand your network infrastructure. In our catalog, we have 5000 Modular Cabinets, OTE Cabinets, Rack Railand additional options. We can also design our cabinets with battery drawers, risers and other customizable features.Manufacturers design fiber optic cabinets to protect fiber optic cables in indoor and outdoor environments. Also known as fiber optic enclosures or fiber entrance cabinets, these enclosures act as hubs where cables can be spliced, organized and routed through areas inside or outside a building. Because fiber optic cables carry calls, emails and dat. If you choose to work with Multilink, we'll help you determine which fiber optic enclosures would work best for your needs. With information about storage space, accessibility points, connections needed and other details, our team can find helpful solutions, answer challenging questions and determine suitable product choices. Multilink can help you. As an industry leader since 1983, Multilink
