

# 1550 Optical Power Meter

## 1550 Optical Power Meter

The L-com FOTM-OPM-AH is a handheld, multi-wavelength power meter. The ...

Acogedor Optical Power Meter, Portable Fiber Optic Cable Tester, 850, 980, 1270, 1300, 1310, 1490, 1550, 1577, 1625, 1650nm, RJ45 Network Testing, 70 10dbm ...

The AFL FlowScout Downstream PON Power Meter is a versatile and reliable tool for measuring power levels in PON networks. It can automatically detect and simultaneously measure coexistent ...

The L-com FOTM-OPM-AH is a handheld, multi-wavelength power meter. The FOTM-OPM-AH features a single channel design, with the ability to handle higher-powered inputs over seven (7) commonly ...

When placing tones on the fiber using a Tempo Communications source provides the optical power meter will definitively identify fiber optic cables. The OPM510 and OPM520 supports calibrated ...

This deluxe fiber optic test kit, equipped with 1310 nm and 1550 nm laser light sources, is perfect for technicians needing to make accurate optical measurements. It measures optical power levels in ...

SMARTFiber is a four wavelength (850nm, 1300nm, 1310nm, 1550nm) Fiber Optic Power Meter used for measuring the optical power from fiber optic cabling systems. It includes interchangeable connectors ...

The new AFL OPM5 is a full-featured, handheld optical power meter designed for measuring optical power in premise, Telco, or broadband networks and for performing insertion loss measurements on ...

The OPM and CSM1 optical power meters are offered in a variety of formats. Users can select from several wavelengths and detector types, as well as optional PC software.

Buy RBOPM-500: multi-wavelength optical power meter (850/1300/1310/1490/1550/1625nm) with memory storage, USB data transfer, and auto-wavelength recognition for accurate fiber testing.

The RBOPM-500 Optical Power Meter is one of the best meters available on the market. For a fiber Plant Manager, this is an indispensable tool, allowing management and data storage for up to 1000 ...
