

# **25G Fiber Optic Enterprise Router for Five Central Asian Countries**

## 25G Fiber Optic Enterprise Router for Five Central Asian Countries

QNAP has multiple enterprise-grade high-performance 25GbE NAS (built-in and optional), assisting enterprises deploy high-speed storage centers or virtualization environments.

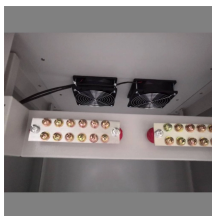

With Nokia, your existing GPON or XGS-PON rollout is instantly 25G-ready. Available on Nokia Lightspan OLT platforms and powered by the energy-efficient Nokia Quillion chipset, it delivers a ...

As access bandwidth increases, campus backbones are transitioning from 10G and 40G speeds to 25G and 100G speeds, and customers are demanding newer optics to support a cabling ...

CCR2004-1G-12S+2XS is our router with the most powerful single-core performance so far. It provides incredible results in single tunnel (up to 3.4 Gbps) and BGP feed processing. Be prepared for ...

Designed for NVIDIA B300, delivering 1.6T high-performance optics, dense cabling, and low-latency GPU communication. Build 400G DCI Networks with the D7000 Series, delivering high transmission ...

Arista EOS is built on an open, programmable, and resilient state-sharing architecture that delivers maximum system uptime, reduces CAPEX and OPEX by simplifying IT operations and enables ...

25G Enterprise Gateway - High-throughput router with support for multi-WAN load balancing. 12.5 Gbps IDS/IPS Throughput - Built-in threat prevention with ultra-fast processing.

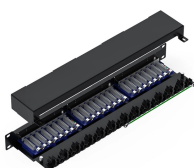

25G Enterprise Gateway for UniFi with 12.5Gbps IPS, Shadow Mode HA, SD-WAN, VPN hub, and high-density support for 500+ devices and 5,000+ clients.

Designed for the cloud era, this router offers easy deployment, simplified O& M, high performance, and strong reliability, helping enterprises quickly access various networks.

The UfiSpace S9701-82DC is a high density 25G disaggregated open router that evolves the network and enables next generation of 5G services and applications.

As access bandwidth increases, campus backbones are transitioning from 10G and 40G speeds to 25G and 100G speeds, and customers are ...
