## 48-core optical terminal box

| | |
|---|---|
|  | The FDB-48 is suitable for indoor or outdoor FTTX applications that support up to 48 subscribers. It has a durable wall-mountable housing with a weatherproof gasket and weatherproof PG gland entry/exit ... |
|  | The 48-Cores Outdoor Fiber Termination Box is a high-capacity, wall-mounted FTTH enclosure designed for reliable fiber termination, splicing, and distribution in outdoor and indoor access networks. |
|  | With a capacity for 48 fibers, this box maximizes port density within a compact footprint. Its modular tray design allows for clean cable routing, easy identification, and efficient splicing, significantly reducing ... |
|  | Product Summary: LSSSWM 48-port terminal box SC full-configuration 48-core optical fiber distribution frame panel square head with pigtail flange |
|  | This terminal box serves as a crucial termination point in FTTX communication networks. It connects feeder cables with drop cables, integrating fiber splicing, splitting, distribution, storage, ... |
