

Indzawo Optic Connect

502-port core switch

502-port core switch

Switching evolved. High-performance switches designed to scale and optimize performance of any network with a magical management experience.

Use this tool to help you identify the switch you need.

The LANCOM core switch is the centerpiece of a network and offers enormous switch capacity, 100% reliability, and scalability for the entire campus LAN.

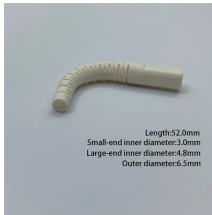

Please read this manual and make sure you understand the functionality and performance of the NX-series CPU Unit before you attempt to use it in a control system. Keep this manual in a safe place ...

SMC/Edge Core 5-Port 10/100/1000 Gigabit Ethernet Unmanaged Switch (SMCGS502 NA)

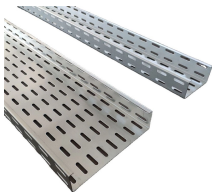

Powerful new modular smart switches for the core of the network, purpose-built to power, secure, and simplify the network for AI.

Quantum Networks Core Switches deliver reliable performance for modern networks. With Layer-3 switches and high-availability features, they support complex routing and provide fast connectivity ...

CR-502 is an Ethernet switch in the format of a 6U Eurocard (according to the mechanical standards of IEEE 1101.1 and IEEE 1101.11). The device has 8 Gigabit Ethernet ports and can be used in several ...

ECS5500-12P L2+/Lite L3 10G Multi-Gigabit Ethernet Switch The Edgecore ECS5500-12P switch is a 10G Ethernet access switch with 8 x 10GBASE-T ports and 2 x 10G SFP+/2 x 10GBASE-T as uplink ...
