

96-core flexible optical cable

96-core flexible optical cable

The flexible craft-friendly buffer tubes are easy to route in closures, and the SZ-stranded, loose tube design isolates fibers from installation and environmental rigors while allowing easy mid-span access.

These Cables are able to reconsolidate large quantities of fiber strands without dozens of individual connectors, preserving the performance of the network, while paving the way for higher transfer rates.

Enbeam OS2 Singlemode Fibre Optic Cable Loose Tube 96 Core 9/125 Copolymer Eca Black, part of a huge range of OS2 fibre optic cables fully stocked at Mayflex. The singlemode fibre is G.652.D ...
