

After-sales service for DAC high-speed cable 400G

After-sales service for DAC high-speed cable 400G

FibreCross provides fully customizable DAC (Direct Attach Cable) solutions tailored to your specific networking environment. Supporting speeds from 10G to 800G, our OEM/ODM DAC cables are ...

High-speed Volex Direct Attach Copper (DAC) cables deliver reliable, energy-efficient data transfer for data centers. Customizable, tested and ready to deploy.

The 400G QSFP-DD DAC provides a QSFP-DD-to-QSFP-DD copper direct-attach solution and it is suitable for very short links and offer a cost-effective way to establish a 400-Gigabit link between ...

Learn about direct attach copper (DAC) cables and splitters for GPU-accelerated computing. NVIDIA[®] LinkX[®] Ethernet DAC cables are the lowest-cost way to create high-speed 100G-400G links in ...

Our 400G QSFP-DD cables enable high speed and reduced power requirements for data centers at a cost-effective price. Rigorous cable testing requirement ensures cables with high ...

Innoptical provides high-performance 400G QSFP-DD direct attach cables for high-bandwidth connections in your data center. Experience low latency, seamless integration, and optimized ...

Our OSFP Cable line-up is OSFP MSA compliant and protocol agnostic for worry-free integration into 200/400/800-Gigabit Ethernet and InfiniBand networks.

High-speed I/O passive cable assemblies that can deliver data rates as high as 400 Gbps with a variety of lengths or customized options for greater design flexibility.

Our service not just for OEM& ODM service but also the customization. We sincerely hope to establish a long-term relationship with you. Contact us now, start our pleasant journey of cooperation.

C-LIGHT's 400G / 800G DAC (Direct Attach Cable) and AEC (Active Electrical Cable) solutions are purpose-built for next-generation data center architectures, enabling high-density and ...
