Are there many small fiber optic cable manufacturers in Chad

Overview

Since April 2022, Chad has been collaborating with Cameroon and Sudan to build the 100Gb/s WE-Africa-NA fiber optic cable. Do you also provide customisation in the market study?

Yes, we provide customisation as per your requirements. To learn more, feel free to contact us on sales@6wresearch. com Any Query?

Click Here Chad is a landlocked country in Central Africa. Chad's currency is the CFA franc. In the 1960s, the Mining industry of Chad produced sodium carbonate, or natron. However, years of civil war have scared away foreign. Huawei broke ground on a national data center in July 2020 and is building out a 4G network and fiberoptic cables through a concessional loan provided by China EXIM Bank. Through our collective efforts and technological innovation, we have enhanced internet connectivity. At the Global Symposium for Regulators (GSR-25) in Saudi Arabia, Haliki Choua Mahamat, the Director General of Chad's Electronic Communications and Posts Regulatory Authority (ARCEP), met with ITU Secretary-General Doreen Bogdan-Martin.
