The roadmap, currently open for public consultation, outlines the vision and strategy for the rollout of 5G services, aimed at boosting national connectivity and innovation.

Business Case for 5G: The CBL Group reiterated that the business case for 5G in The Bahamas is weak, citing limited mobile data growth, market saturation, and a lack of demand for 5G services.

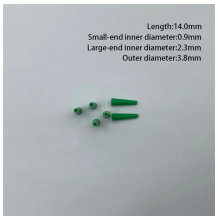

Both CBL and BTC contend that given the saturated mobile market, and the extensive network buildout requirement caused by the archipelagic nature of The Bahamas, the business case ...
