Benin 808nm Laser Diode Module

LJ series laser diode module, complete and ready to use, single element aspheric acrylic collimator optic, focusable, supply voltage 3-5 VDC, available wavelengths 635 nm, 650 nm, 780 nm, ...

Whether you need a standard multimode diode or a fully custom module, the broad selection across multiple manufacturers (including LDX Optronics) gives you exactly the config you need – with quick ...

Find the diode that''s right for your application, whether it''s medical, industrial or microfabrication.

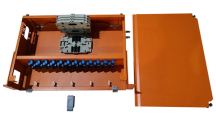

CNI offers fiber-coupling of semiconductor lasers with various output power and wavelengths into a variety of package types, the wavelengths includes 635 nm, 785 nm, 793 nm, 808 nm, 915 nm, 976 ...

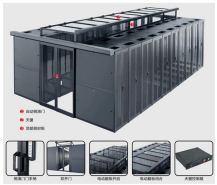

SHOP 808nm Laser Diodes from All of the Leading Brands, 10W to 1000W, Unbiased SELECTION GUIDE, Coherent, nLight, Lasertel, Jenoptik, LUMICS and More

The multi mode fiber pigtailed flat pin laser diode module contains an optimized GaAs substrate based quantum well high power laser diode. The extremely stringent reliability requirements are achieved ...

At Coherent, these laser bars are available in a very wide range of wavelengths and powers, with optional beam shaping such as fast-axis collimation, both-axis collimation, or even further focused to ...

Find quality 808nm infrared laser modules and devices. Shop various power outputs and configurations now.

Single mode and multi mode fiber coupled 808 nm laser diodes offered as stock items or associated with a CW or pulsed Turn-Key Laser Diode Driver.

Get the best deals for 808nm Laser Diode Module at eBay . We have a great online selection at the lowest prices with Fast & Free shipping on many items!
