## Bundle-shaped fiber optic thermal stripper

Whether you're handling high-density ribbon fibers or delicate bundle fibers, this tool ensures accuracy, minimizes fiber damage, and enhances workflow efficiency.

Thermal Fiber Stripping Tool Jonard Tools manufactures over a large range of fiber optic cable thermal strippers and accessories specifically designed for the fiber optics industry.

Designed to strip the jacket of single fiber and ribbon cable up to 12 fibers, it offers extreme convenience under any tough environment. Benefits include fast heating time of 4 seconds and approximately 500 ...

Unlike conventional strippers that require manual force, the Ribbon & Bundle Fiber Clamping Thermal Stripper uses controlled heating to soften the fiber coating, allowing for a clean ...

International distributor for fiber optic components, equipment and accessories while providing invaluable technical consultation and support.

Product Summary: Cryfokt Fiber Optic Thermal Stripper, Rechargeable Automatic Heating Stripping Tool with Widened Limit for Bundle Bare Ribbon Optical Fibers 1-48 2-24 1-12 ...

2-piece kit Fiber optical thermal stripper M8 & fiber optical cleaning clip compatible with bare fiber/bundle and ribbon fiber for 1-48 core dual heating mode and 8-level temperature regulation.

The 3SAE Thermal Stripper Adjustable is a optical fiber stripping tool for fiber optic thermo-mechanical coating removal.

The RS01, RS02, RS03 and RS03-80 Thermal Strippers provide superior stripping performance for both single and multi-fiber stripping. The fast heating time of 3 seconds speeds productivity.

We offer thermal strippers from Sumitomo, INNO Instrument, Fitel and Jonard Industries. These easy-to-use thermal strippers are designed to thermo-mechanically remove coatings from optical fibers. ...
