

Burkina Faso Relay Protection OTDR Test Module Handheld

Overview

With a dynamic range of 32dB/30dB and a testing range of up to 420km, it features a user-friendly 7" LCD touch screen, advanced event ping capabilities, and robust data management options. Experience high accuracy with dual wavelength testing at 1310/1550nm. 420km test range 32dB/30dB dynamic range 12-hour battery life The Rsrting OTDR Fiber Optic Tester is a professional-grade device designed for high-accuracy fiber optic measurements. The MaxTester 700D OTDR Series comes with a Swap-Out connector which can easily be changed, as and when needed, without having to send the test unit to a service center. This. Source: ShinewayTech Date: 2020-04-07 Read: 21,316 Hand-held High Performance OTDR ShinewayTech® MTP-200X series is the compact multi-functional platform, with 8 inch high-resolution touch screen, which are specially designed for FTTx / WAN applications and can meet all test requirements of. PON OTDR tester, OTDR tester, OTP6123 handheld OTDR series test set is designed for indoor laboratory and field application with lightweighted, flexible and durable features. It is the best test tool for service providers validating on optical network installing phase or troubleshooting at running. □With Grandway's

more than 10 years of OTDR research, development and practical experience, we have our own OTDR product series, including the high performance model FHO5000PRO series, covering a variety of dynamic range and wavelength combinations (850nm/1300nm/1310nm/1490nm/1550nm/1625nm/1650nm).

Burkina Faso Relay Protection OTDR Test Module Handheld

The LOT2100 OTDR is a highly cost-effective, easy-to-use diagnostic tool, specially designed for FTTH network construction and maintenance. Its user-friendly interface has been designed for simple, one ...

Combining intelligence and accuracy with user-friendliness, Grandway's OTDR require minimal training and provide the accurate test results. It is not only suitable for experienced operators, but also ...

VIAVI provides the widest range of OTDR testing tools delivering everything from basic fiber certification to fully automated bidirectional OTDR testing that scales for multi-fiber cable certification.

MTP-200X is a portable and versatile OTDR test platform with 8" touch screen, dynamic range up to 50dB.

Where can I buy Rsrting OTDR Fiber Optic Tester 1310/1550nm 32dB/30dB Range 420km High Accuracy 7"LCD Touch Screen SM Fiber Tester Support Event OPM, VFL, LS, OLS Ethernet ...

Handheld smart OTDR fiber tester with backlit display, compatible with connector type FC/PC, SC/PC, wavelength 1310/1550nm, which is a cost-effective but powerful multi-functional fiber tester.

Fully featured, entry-level, dedicated OTDR with tablet-inspired design perfect for frontline singlemode fiber installers.

Covering all OTDR functions for whole optical link testing and maintaining. PON OTDR supports maximum 4 wavelengths (1310/1490/1550/1625nm) for fiber testing, and automatical switching multi ...
