

## Chilean OEM Active Optical Cable NRZ

## Chilean OEM Active Optical Cable NRZ

This section profiles 4-channel, 200Gb/s, QSFP56-based cables and transceivers using 50G-PAM4 modulation for Ethernet and/or InfiniBand from 0.5m-to-2km for use in 200GbE and HDR switches, ...

Active Optical HDMI Cables provide high-speed, reliable and lossless transmission of audio visual signals, ensuring superior quality performance and experience in various AV setups and environments.

QEPT 4-TRX 100G NRZ - HOT PLUGGABLE HOT PLUGGABLE, the Quad Embedded Pluggable Transceiver (QEPT) aggregates 100Gbps over 4 channels on an efficient footprint, designed for ...

The QSFP DD AOCs operate up to 25Gb/s NRZ modulation and provide solutions up to 200Gb/s aggregate bandwidth, supporting 100meters over parallel multimode fiber.

By offering a cost-efficient alternative to discrete optical transceivers and patch cables, these AOCs are ideal for establishing 100Gbps connections within racks and adjacent racks. Active optical cables ...

Jumper de fibra óptica de alto rendimiento. Conexión estable, baja atenuación y máxima fiabilidad. Cabecera de fibra óptica rackeable 1U para gestionar hasta 48 fibras. Hecho a pedido. Limpiador no ...

Our active optical cable assembly portfolio provides greater cable flexibility and longer reach, as compared to both traditional passive copper solutions and emerging active copper (ACC/AEC)

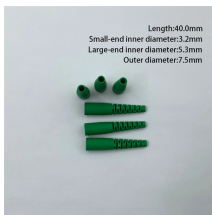

...

All interface speeds, from 1G to 400GE have connectivity options that include Direct Attach copper Cables (DACs), Active Optical Cables (AOCs), multi-mode fiber and single-mode fiber transceivers.

This series of products uses 8 pairs of parallel multimode optical fiber transmission, and the distance can reach up to 70m (OM3) or 100m (OM4).
