

Cold splicing splitter for optical-electric composite cable

Cold splicing splitter for optical-electric composite cable

We distribute fiber optic splicing equipment from Corning, AFL, Sumitomo, 3M, 3SAE, Fitel and more.

Discover compact and durable fiber cleavers engineered for field technicians and installation professionals. Multiple blade positions available.

After the two pigtails are pulled out, the cold splice is used to realize the butt connection of the two pigtails. It is easier and faster to operate, and saves time than using a fusion splicer.

Specialized Products stocks a vast selection of fiber optic tools including fiber crimpers, cleavers, fiber optic strippers for splicing and terminating fiber optic cable.

The OCC1P 1:16 optical splitters comes with clips for mounting in the FOSC splice closures.

Discover fiber optic connectors with SC/APC, UPC types for FTTH networks. Explore optical fiber connectors offering low insertion loss, IP68 protection, and RoHS certification.

Discover the available accessories Optical Splitter and WDM component options for Fiber Splice Closures designed by CommScope.

With more than 35 years of experience, Multilink can provide high-quality fiber optic splitters that meet your needs and promote efficient, cost-effective network expansion.

Clearfield leads the way with optical component technologies for PON splitting, C/W division multiplexing and optical circulators. These products are custom built to your unique split ratios, light requirements ...

Fiber Instrument Sales has a wide variety of fiber optic splicing equipment such as fusion splicers from AFL, Sumitomo, FITELE, and FIS. FIS also splicing tools and accessories such as cleavers, thermal ...
