Optical Switches are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for Optical Switches.

To this end, several key developments have emerged that are exploiting and extending the capability of current fiber optic systems in significant ways; we will briefly discuss two of these: Dense Wave ...

The fastest, smallest, most reliable optical switches in the industry. Used in medical devices, undersea cables, quantum computers, underground and outer space.

Optical switches are utilized to disconnect, bypass and reroute fiber optic communications. All of these optical switches are purely optical path, there is no optical to electrical to optical conversion.

The optical switch products produced by Xionghua photoelectric include: mechanical optical switch, all-fiber polarization switch, magneto-optical switch, and MEMS optical switch.
