

Congo industrial switch SFP

Congo industrial switch SFP

The USW-2203-SFP is a rugged, fan-less, industrial-grade, 3-port unmanaged Gigabit Ethernet switch to fiber optic media converter that provides one channel for media conversion between 10/100/1000M ...

It supports auto speed reduction on Ethernet ports, the transmission distance is up to 200 meters max. What's more, the switch supports one-key fast ring, one-key broadcast storm prevention (BSP), ...

Industrial unmanaged switches from Phoenix Contact feature variable numbers of ports and a narrow design. We provide unmanaged switches with a variety of functions, depending on the application.

Congo Juniper 10G SFP+ EX-SFP-10GE-ZR100 Compatible LS-SM5510-A0C 1550nm 100km SMF Transceiver

JIAXUN JS-SC55311G-40I 1.25G SFP SC Optical Transceiver Module (SMF, 1550nm-TX/1310nm-RX, 40km, DOM, Industrial) Product Features:

This guide explains what industrial SFP modules are, their key technical characteristics, common types, and typical deployment scenarios. It also provides practical considerations for selecting the right ...

Featuring two standard 10/100BASE-TX RJ-45 ETHERNET ports and four advanced 10BASE-T1L Single Pair Ethernet (SPE) ports, this switch offers maximum flexibility for building decentralized ...

Learn about the different types of Small Form-factor Pluggable modules—or SFP for short—, how they're used in industrial network switches, and how to select an SFP transceiver for your application.

Our switches are built for high network flexibility, cyber security and durability and are suitable for use in mission-critical environments.
