

Custom-made ABS pigtail channel in Grenada

Overview

Shop hundreds of OEM-style automotive connectors and pigtails at FindPigtails. Avoid costly wire harness replacements, find your exact match today! We introduced NylaGlide™ GR channels, creating 15 distinct shapes, developed PVDF tubing in 11 stock sizes and introduced a full stock line of Acrylic Profiles for applications such as Point of Purchase (POP) displays. PETRO is continually striving to be the number one source for your plastic. Search the exact automotive plug, pigtail, or OEM connector you need in 30 seconds or less. No confusion, no part hunting, just results. Northland Plastics offers a wide range of ABS profile shapes including channels, tubes, rods, and co-extrusions. Our engineering team collaborates with customers to optimize designs for manufacturability, impact resistance, and surface finish. With in-house tooling and fabrication, we ensure each. With dedicated Application Specific Product engineers and technicians, we are open to custom connectors and cables spanning every product category we offer, which includes both simple modifications as well as completely new and custom designs.
