## Distribution Box ALB2

| | |
|---|---|
|  | Ideally suited for Protein Analysis, this product is a valuable asset for healthcare professionals looking for precision and efficiency. Regulatory Compliance: This product is manufactured in compliance with ... |
|  | Albumin levels are useful for diagnosing liver and kidney diseases. The reagent uses bromcresol green dye to form a colored complex with albumin, and the intensity of the color is directly proportional to ... |
|  | This dataset provides comprehensive information on the AlB2 Crystal Structure, identified by the Pearson Symbol hP3 and belonging to Space Group 191, with the Phase Prototype AlB2. |
|  | The AlB2 particles were mostly in the micron-scale range, while the Al2O3 particles were mostly in the nanoscale range, both exhibiting agglomeration phenomena. |
|  | In vitro test for the quantitative determination of albumin in human serum and plasma on Roche/Hitachi cobas c systems. Albumin is a carbohydrate-free protein, which constitutes 55-65 % of total plasma ... |

In this work, employing density functional theory (DFT) simulations and calculations, a thorough analysis of surface relaxation, electronic structure, and charge distribution on various low ...

Read more New – Open box: An item in excellent, new condition with no functional defects. The item may be missing original packaging and may have been used for testing or demo ...

Access important product documentation including relevant certificates and other resources. After clicking below, you will be redirected to eLabDoc, where you can select your local country-specific ...

The cassette COBAS Integra Albumin Gen.2 (ALB2) contains an in vitro diagnostic reagent system intended for use on COBAS Integra systems for the quantitative determination of the ...

Models: PreciControl ClinChem Multi 1 (4 x 5 mL) - 05947626190, PreciControl ClinChem Multi 2 (4 x 5 mL) - 05947774190, PreciControl ClinChem Multi 1 (20 x 5 mL) - 05117003190, PreciControl ...
