Fiber Optic Cable Installation Manufacturer in Democratic Republic of Congo

Overview

Genew Technologies and Zhongshi Wosen, both Chinese companies, will help the Democratic Republic of Congo (DRC) build its fiber optic network. Its main product is the internet for professionals. It was created in 2021 and works mainly in the field of new information technologies and the deployment of telecommunications infrastructures, both fixed and mobile. Our Team is. Taihan Fiberoptics worked on the local construction for about one year and succeeded in building the 620km long fiber optic cable that connects the capital of Congo, Kinshasa and the west coast city, Muanda. It is meaningful that this backbone network promotes competition between telecommunication. SOCOF and APCSC to deploy fibre along new roads in the DRC Congolese Fiber Optic Company (SOCOF SA) has reportedly signed a partnership with the Agency for the Coordination and Monitoring of Collaboration Agreements (APCSC) to deploy optical fibre networks along new roads to be built in the.
