

Fireproof cable and fireproof cable tray manufacturer

Fireproof cable and fireproof cable tray manufacturer

Need a Fire-Rated Cable Tray Supplier? Find solutions for safe, compliant cable systems that protect during a fire.

We design custom cable enclosures that protect against fire & blasts. Cost-effective protection with quick installation and NEC & NFPA compliant solutions.

NewReach specializes in fire-rated cable trays that are carefully designed to endure high temperatures and prevent the spread of flames.

Basor Electric, sensitive to the need to minimize the consequences of a fire, has subjected its cable trays to rigorous fire resistance tests to ensure the behavior of its products.

FireResistant Solutions provides cable tray covering and fire-protection systems designed to safeguard electrical and data infrastructure in commercial and multifamily buildings.

Our 4-hour fire rated cable encasements provide comprehensive fire and blast protection, shielding cables from fire and containing high voltage cable fires

Top-quality fire resistant cable tray with N1 fire rating, 5-12 mm fireproof core, superior heat insulation, flame protection, and 60-min fire resistance.

Its innovative two-part design installs easily around non-compliant cable tray penetrations, rapidly restoring fire resistance. Ideal for retrofit environments, the EZ Path Cable Tray Retrofit Device ...

Our cable tray systems securely hold and protect cables and come in many models and sizes, solid bottom and ventilated.

The fireproof channel cable tray system is produced by galvanized channel cable tray after processing surface treatment of a layer of fireproof coating.
