

German low-power optical module 1G

German low-power optical module 1G

1G optical module refers to the optical module with a transmission rate of 1.25Gbps. The 1G optical module is already a very mature series of products, which are favored by the majority of ...

Store.QSFPTEK 1G SFP transceivers provide wide selection for various Gigabit Ethernet applications, such as 100+ vendors compatibility, copper/fiber, SMF/MMF, 100m to 80km.

Learn how to choose the right 1G SFP module for your network. Our guide covers compatibility, distance, fiber type, cost, and vendor selection for optimal performance.

Featuring a built-in Semtec chip and reliable FP laser / PIN receiver, the SFP module delivers low power consumption and stable optical links for 1G single mode networks like Gigabit Ethernet and Fibre ...

GEZHI supplies OEM service and Third-Party compatible fiber optic transceivers. 1.25Gbps SFP transceiver application in Ethernet Switch link by LC duplex fiber patchcord. Qualified through a ...

Check HW SFP-GE-LX-SM1310 Compatible 1000BASE-LX SFP transceiver module data sheet (SMF, 1310nm, 10km, LC connector) and price list on FS , buy it now!

The OREI 1G SFP 1000BASE-EX Optical Transceiver Module is designed for reliable long-distance fiber connectivity in enterprise networks, AV-over-IP systems, and infrastructure deployments.

The SFP transceivers are high performance, cost effective modules supporting data-rate of 1.25Gbps and 120km transmission distance with one SMF. The transceiver consists of three sections: a CWDM ...

All modules satisfy class I laser safety requirements. The transceivers are compatible with SFP Multi-Source Agreement (MSA) and SFF-8472. For further information, please refer to SFP MSA. The ...

P 20-pin connector to allow hot plug capability. This module is designed for single mode fiber and operates at a nominal wave length of 1550 nm. The transmitter section uses a multiple quantum well ...
