

## Gigabit-class industrial core switches

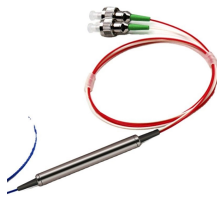

## Gigabit-class industrial core switches

WAGO's switch portfolio provides scalable Ethernet network infrastructure with excellent electrical and mechanical performance. These rugged devices are designed for industrial use and are fully ...

Our Stratix® 5800 High Performance Industrial Ethernet Switches offer gigabit performance and support copper, fiber and PoE expansion modules.

The Edgecore ECIS4500 PoE series are managed industrial PoE+ Gigabit Ethernet switches. The switches comply to the IEEE 802.3 af/at standard and are able to deliver up to 30 watts of power per ...

With high-speed 10-GE uplinks, high-wattage PoE options, ultra-low jitter, advanced network security features, and device-to-cloud performance monitoring with the Cisco ThousandEyes agent, these ...

The IES5120-48T4S features 48x 10/100/1000BASE-T copper ports, 4x 1/10Gb SFP+ ports, which enables high-density connectivity for large-scale industrial networks and extended enterprise ...

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting.

Unleash your network's power with our high-performance Gigabit switches! Experience lightning-fast speeds, upgrade to 1 Gbps, 10 Gbps, or higher, and enjoy transfers 100 times faster than Fast ...

Extreme Industrial Switches are an excellent choice for industrial environments, including intelligent transportation systems, utilities, and smart cities. Full redundant ring technology creates fault- ...

With Gigabit Ethernet, rapid failover, powerful security, and certifications for vibration, shock, and free-fall, these rugged switches protect your network.

Thoughtful features such as DIN rail mounting, Power over Ethernet (PoE) ports and rugged metal cases make these switches a great choice when deploying or expanding an Ethernet network in your facility.
