

## Guide to Selecting Pricing for Fiber Optic Panel Wall-Mounted Projects

### Overview

In this guide, we'll walk through the key factors to consider — from port density and connector types to mounting styles and build quality — and highlight a few Amerifiber patch panels worth a closer look. Please view our full RLH price list and contact us at [info@fiberopticlink.com](mailto:info@fiberopticlink.com) if you have any questions or special project needs. Keeping your fiber connections organized in a secure and centralized location safeguards delicate network components, while promoting efficiency through expediting system maintenance as well as minimizing. When designing or upgrading a fiber optic network, one critical decision is selecting the right fiber distribution unit (FDU)—a component that serves as the backbone for signal termination, organization, and protection. Among the various FDU types—including fiber distribution boxes, termination. ShowMeCable offers a wide variety of wall mounted fiber optic enclosures, including indoor, outdoor rated, plastic or metal. Applications include: FTTH, FTTB, FTTC, Telecommunication Network, CATV, or Local Area Network. Customer applications come from in stock components and result in rapid turn around. American Tech Supply carries a complete line of fiber optic.

## Guide to Selecting Pricing for Fiber Optic Panel Wall-Mounted Proje
