

# HDMI optical-to-electrical converter module

## HDMI optical-to-electrical converter module

The HDMI20-OPTC-TX/RX220-Pro is a HDMI 2.0 compatible extender pair for video, RS-232 and Gigabit Ethernet signals, supporting uncompressed 4K UHD resolution at 60Hz 4:4:4. Video and ...

OED-3904 is a converter of optical digital video signals to 3G/HD/SD-SDI or DVB-ASI electrical signals. The module can receive two video signals over fiber optic links via an SFP and provide four electrical ...

HDMI 2.0 optical fiber detachable extender, HDFX-500-TR, extends HDMI 2.0 signal up to 300m (984feet) and transmits 4K UHD (4096x2160) at 60Hz over one LC multi-mode fiber. Leading-edge ...

Fast terminating or inline monitoring of optical signal power from -60 to +10 dBm across 750 - 1700 nm wavelengths. Model with logarithmic analog output for applications such as silicon photonics fi ber ...

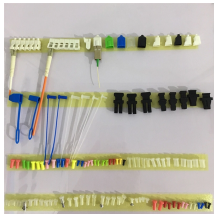

HDMI fiber converter leverage the optical modules to help convert audio/video HDMI signal and distal to extend the fiber-optic transmission of optical signals, support 2U Rack Matrix and the transmission ...

Ophit HSP-M is an optical HDMI Pigtail module extender. The HSP-M module extender is designed to let digital flat panel display extend over 1,000 feet (300 m) away from host based on HDMI standard ...

You can install any standard 3G, 6G or 12G-SDI SFP optical fiber module so you can send SDI using the same low cost optical fiber cables that are commonly used for computer networks.

The Teranex Mini HDMI to Optical 12G Converter from Blackmagic Design allows you to convert an HDMI signal to a 12G-SDI output, or install an optional optical fiber module and convert an HDMI ...

The 4K HDMI Fiber Video Extender supports transmission of an uncompressed lossless HDMI 1.4a signal over optical fiber. Equipped with a dynamic EDID function, it automatically adjusts to deliver ...

We created the Fletch Fiber Module System to convert HDMI 2.1 signals into native OM3 MPO fiber, with no bulky boxes, no latency, and no compromise. This system gives your HDMI camera output ...
