How much does it cost to customize an optical fiber splice package

I always used $40/splice, but never for only 12 splices. Your hitting a minimum job fee there. I''d agree around $90-100 per burn, just due to tying up the splicer most of a day for the job.

This program is designed for customers who install their own fiber or use local contractors to install it for them. We also provide loaded fiber distribution centers for complete system solutions. Fusion splicing ...

The cost of splicing fiber optic cables can vary significantly based on several factors, including the type of splice, the equipment used, the location of the job, and the expertise required.

We charge $80 per hour from the time we leave the workshop to when we return. Charging by splice can be difficult unless you are working for a single customer and you know what to expect.

Configure, build and buy your custom fiber optic cable assembly online at buy.customcable . Custom Cable, Inc. is a manufacturer of high-quality custom fiber optic cable assemblies.
