Industrial switches and Delta PLCs

	Delta''s DVP series programmable logic controllers offer high-speed, stable and highly reliable applications in all kinds of industrial automation machines.
	In addition to the user-friendly programming software and faster execution speed, we provide complete industry-focused solutions, motion control solutions, and industrial fieldbus solutions with Delta''s new ...
	Delta''s DVP series programmable logic controllers offer high-speed, stable and highly reliable applications in all kinds of industrial automation machines.
	Industrial switches connect multiple PLCs to achieve distributed control systems. This system enables PLCs in different areas to work together to achieve efficient collaborative operation ...
	Delta is dedicated to providing innovative and reliable smart manufacturing solutions for global customers, keeping our promise of “ Digitized Automation for a Changing World”
