Intelligent Cold Aisle Cold Aisle Armor Manufacturers

Overview

Cool Shield provides customers with versatile, turnkey aisle containment systems for new or existing critical spaces. Our offerings range from a single row in a server room to entire data center facilities. By isolating the cold aisle, containment reduces unintended mixing of cold supply air with hot exhaust air, maintaining uniform, predictable. One of the most widely used solutions is cold aisle containment, a product of Cold Aisle Containment Manufacturers like Modular Rack Systems (MRS). T equipment is kept at an effective temperature. Designed to your specification, it can be custom configured to fit any white space layout, enabling a precise. Providing Industry Leading Containment Solutions That Keep Your Data Hall Running Efficiently TechnoGuard's Containment Solutions improve airflow efficiency delivered to IT equipment, improve energy efficiency and drive operational costs down.
