Korea Drop Fiber Optic Cable OM5

	Buy high quality OM5 Multimode 100Gb Fiber Optic Cables from GenuineModules with fast worldwide delivery.
	As the name suggests, OM5 is a multimode fiber cable. It''s fairly new to the industry, and it is designed specifically for high bandwidth and short to medium range applications. What makes it more than just ...
	Corning® ClearCurve® OM5 wide band optical fiber is designed to withstand tight bends and challenging cabling routes with full backward compatibility to OM4 fiber.
	Assembled with Corning 50/125um, laser optimized, Wideband Multimode Fiber (WB-MMF) and comes pre-terminated with duplex LC to LC connectors. OFNR riser rated, lime green, zip-cord reinforced, ...
	With low insertion loss, excellent return loss, and superior bending performance, this OM5 fiber patch cable ensures high performance, minimal signal degradation, and reliable operation even under ...

Our OM5 fiber cables come with ceramic ferrules and have OFNP (Plenum), OFNR (Riser), or Low Smoke Zero Halogen (LSZH) jacket material. The OM5 fiber optic cable is immune to electrical ...

OM5 multimode fiber cable is fully compatible to previous multimode standards OM3 and OM4 yet the OM5 can achieve much higher speed with less fiber cores. OM5 uses the color Lime Green.

For each product design, items for OM1, OM3, OM4, OM5, and OS2 (Singlemode) items have been developed. Belden fiber products are third-party tested by either ETL or UL and approved for use ...

Ensuring backwards compatibility and OM4 optical/mechanical attributes, it is designed to withstand tight bends and challenging cabling routes.

Compatible with Short-Wavelength Division Multiplexing (SWDM) and Wideband Multimode Fiber (WBMMF) for longer transmission distances and 200G/400G capabilities Provides 40G/100G ...
