Complete Connect MX Series MTP® (MPO) modules are designed for use across all areas of today's data centres and within enterprise networks. A singlemode low-loss version of the MTP/ MPO connector is achieved by using precise MT 8-fiber ferrules and guide pins. The superior alignment of the singlemode low-loss MT ferrule yields comparable insertion loss value of the single fiber ceramic ferrule for 24 fibers. This connector design allows the use of.
