Low Loss Pigtail Connectors for Metropolitan Area Networks

Our premium low loss range of pigtails are the perfect choice for telecom, datacenter and critical applications. These pigtails are 900 µm easy strip for ease of stripping and handling in fiber ...

Loss (IL) and Reflection or Return Loss (RL). A superior connector will exhibit minimal optical loss, thanks to precise alignment of th. connected fiber cores and enhanced stability. In essence, the ...

Multimode and single-mode pigtail kits shall be compliant with ANSI/TIA-568.3-E. Standard insertion loss shall be a maximum of 0.25 dB and low loss shall be a maximum of 0.15 dB for multimode and ...

XFS is an OEM specialized in extremely low insertion loss and high return loss fiber connectivity products, exceeding IEC 61753-1 Grade B level and are Telcordia GR-326 and GR-1435 tested.

Simplify fiber termination with ZERO Connect''s high-quality fiber pigtails. Our single-mode and multi-mode assemblies, available with various connector types, ...

Premium Plus fiber optic pigtails and pigtail kits are manufactured in the USA for fusion splicing in data centers, PON, WDM/DWDM, FTTh and access networks.

The Ultra Low Loss connector expands optical power margin which can be turned to offset excess attenuation of improper installation or insufficient cleaning by reducing insertion loss when applying ...

Standard and low loss Fiber Optic Pigtails and Pigtail Kits are ideal for fusion splicing the required fiber connectivity for structured cabling systems. They are ideal for data centers, Broadband CATV, ...

Established technology with a pedigree of resilience. Traditional Fusion Splice-On Connectors with pigtails provide factory-polished performance with field-termination convenience within harsh ...

Fiber optic pigtail for precise, low-loss terminations in fiber networks. Available in SC, LC, ST, and more for singlemode and multimode applications.

Fiber Pigtails from NetSource are factory-terminated for splicing, with multiple connectors, buffer types, and jacket options—100% tested for low loss.
