

## Madagascar DAC High-Speed Cable 100G

## Madagascar DAC High-Speed Cable 100G

Cost-effective 100G QSFP28 DAC cables with low power and low latency. Ideal for short-distance InfiniBand connections.

Collection of High Speed 100G data rate DAC and AOC connectivity cables with QSFP28 format

Offered in a broad range of wire gages (from 30AWG through 26AWG), this 100G copper cable assembly features low insertion loss and low cross talk. QSFP28 form factors can be used with ...

Four-channel DAC assemblies support bandwidths up to 100 Gbps. Excellent for server connections where space is limited. Foldable cable helps maximize airflow for effective thermal management.

Siemon QSFP28 100G passive Direct Attach Copper Cable assemblies are designed to exceed industry standard performance offering a cost-effective, low latency, low-power option for high-speed data ...

QSFPTEK can provide a high performance 100G QSFP28 DAC Cable for an economical solution with low latency, low cost, and low power consumption

FS 100G DAC/AOC cable, passive/active DAC from 0.5m to 10m and FS QSFP28 AOC from 1m to 100m cable, cost-effective alternative for 100G Ethernet short links between QSFP+ ports of switches.

Our QSFP28 Cables are the first to integrate Amphenol Spectra-Strip's EXF SKEWCLEAR wire, offering a flat frequency response beyond 20 GHz. Our QSFP28 connectors add an extended EMI cage and ...

100G QSFP28 Direct Attach Copper Cable Assemblies are high speed, cost effective alternatives to fiber optics in Ethernet, Fiber channel and Infini-band technology applications.

Discover Extreme Compatible QSFP28 cables for high-speed 100G connectivity. Perfect for data centers needing reliable, low-latency, cost-effective links.

Four-channel DAC assemblies support bandwidths up to 100 Gbps. Excellent for server connections where space is limited. Foldable cable helps maximize airflow ...
