

## Madagascar Mobile Fiber Optic Distribution Box

### Overview

Madagascan operator Telma and global operator Vodafone joined forces to connect Madagascar to 2Africa this week. Mobile industry was the first sector as a whole to commit to the SDGs SD Goal 9 (SDG 9) is based on three interconnected pillars: infrastructure, industry and innovation. These pillars all share the objective of achieving socially inclusive and environmentally sustainable economic development SDG 9. AXIAN Telecom is the largest investor in such infrastructure in Madagascar and the neighbouring region, thanks to its holdings of 13 sub-marine cables and over 10,000 km of backbone fiber-optic backbone cable. Telma is often seen as a pioneer, having been the first to deploy 5G. Telma and Orange share. The FCC National Broadband Map displays where Internet services are available across the United States, as reported by Internet Service Providers (ISPs) to the FCC. The company offers reliable, high-speed internet with fiber-optic plans being their most preferred service. Orange Madagascar Orange is.
