Maldives OPGW fittings 24 cores commissioned

	The OPGW cable contains high purity silica optical fibers with acrylate coating, and is designed and tested according to various international standards for composite fiber optic overhead ground wires.
	OPGW is mainly applied in communication line of newly constructed high voltage transmit electricity system with 35 KV or above, or replacement of existing ground wire of previous overhead high ...
	This is designed for splicing ADSS, OPGW cables and the normal cables to house the fiber core splices to outdoor intermediate optical cable leading to the patch panel in the control room.
	SFPOC-CENTRUM™ Composit Fiber Optic Overhead Ground Wire (OPGW) is a composite overhead optical groundwire that provides high capacity communication channels to service present ...
	Its small profile offers an exceptional solution to the diameter and weight concerns on many of today''s overloaded transmission towers where an existing shield wire needs to be replaced with an OPGW ...
