

Oman supplier DAC high-speed cable OSFP

Oman supplier DAC high-speed cable OSFP

The Octal Small Form Factor Pluggable (OSFP) Connector System provides single- or dual-port, 8- or 16-lane I/O connectivity with DAC, AOC, ACC and optical modules for high-density switch applications.

The 10G SFP+ RJ45 port optical module is a high-performance integrated duplex data link for bi-directional communication over copper cables. It is specifically designed for high-speed ...

As a leading 800G OSFP DAC Supplier, I understand the critical role of high-quality direct attach copper cables in your network infrastructure. Our products are crafted to deliver optimal performance, ...

Volex is a leading manufacturer and supplier of Direct Attach Copper (DAC) cables. The Volex DAC cable product family includes cable assemblies with Small Form-factor Pluggable (SFP), Quad Small ...

Our Octal Small Form Factor Pluggable (OSFP) connectors, cages and cable assemblies address next-generation data center needs by supporting aggregate data rates up to 400 Gbps.

Preferred cable brand for large infrastructures with over three decades in supply of quality cable products. We conform to the highest quality standards utilizing advanced manufacturing facilities and ...

Yes, the 1.6T DAC cable is designed to be backward compatible with 400G OSFP and 800G OSFP standards, ensuring seamless integration into existing network setups.

NADDOD Ethernet DAC cable solutions provide various of data rates (up to 1.6T) and length choices (up to 7m) for short distance connection applications for RoCE networking.

As a top supplier of 800G OSFP DAC cables, we recognize the importance of high-quality direct attach copper solutions for your network infrastructure. Our products are designed to deliver exceptional ...

Our Electronics Products "Product of the Year" award winning OSFP (Octal Small Form Factor Pluggable) cable assemblies are compatible with 25G/lane channel NRZ up to 224G/lane ...
