Operation and maintenance OPGW hardware OM3

	If preformed fittings are used, these should be specifically designed for the OPGW cable to be installed. The diameter as well as the length and material of these components must be suitable for the OPGW ...
	Home / Products / Conductor Accessories / Fiber Optic Cable Hardware / OPGW Hardware
	In order to ensure that the OPGW cables will operate successfully in a high voltage network, all aspects associated with the implementation of this technology must be correctly analyzed.
	We manufacture a wide range of hardware fittings for OPGW Optical Ground Wire, including Suspension and Tension Assemblies, Down Lead clamps, Earthing Clamps, Splice Enclosure, Reinforcing Rods, ...
	Suitable tension should be maintained to keep OPGW hanging in the air to avoid abrasion of the OPGW cable on the ground. Meanwhile, it can reduce green shoots compensation, mitigate physical labor ...
