

Optical module 10GE single-mode 40km

Optical module 10GE single-mode 40km

If the SFP-10G-ER-1310 is connected to a 10Gbase-ER standard optical module (1550nm, 10GE, 40km), the maximum transmission distance is only 20km due to different specifications such as wavelength ...

Wide Compatibility: Compatible for Cisco SFP-10G-ER, Ubiquiti, Mikrotik, D-Link, Supermicro, Netgear and Other Open Switches. Widely used in fiber switches, routers, NIC, server or other fiber optic ...

Our 10G Base ER SFP+ transceiver extends 10 Gigabit Ethernet connectivity up to 40km over single-mode fiber for long-haul applications. Utilizing 1550nm wavelength with 15 dB link budget, this 10G ...

In order to use different type of fiber, we also classify optical transceiver modules into single-mode optical modules and multi-mode optical modules. Single-mode optical module is used to ...

A multi protocol SFP+ transceiver for services between 0.6 to 11.3Gbps. The SO-SFP-10GE-ER is a versatile 1550nm transceiver for SingleMode fiber supporting a wide range of traffic formats.

FS 10GbE SFP+ module solutions provide a wide variety of 10 Gigabit Ethernet connectivity options for data centers, enterprise wiring closets, Internet Service Providers (ISPs) applications.

The STC-10G-ER is an extended reach 10G SFP+ optical transceiver designed for long-distance single-mode fiber (SMF) applications. Operating at a wavelength of 1310nm, this high-performance module ...

This hot-pluggable SFP+ transceiver is engineered to transmit 10Gbps data streams over single-mode fiber (SMF) for link lengths up to 40 kilometers, making it indispensable for metro ...

Featuring a built-in Semtec/Macom chip and reliable DFB laser from global leaders, the 10G SFP+ ER1310 module delivers low power consumption and stable optical links for high-speed single mode ...

Get the most out of your network equipment with this 10 Gigabit 10BaseG-ER SFP+ Fiber Modules from Networx®. SFP or Small Form Pluggable Optical Modules are compact, hot-swappable media ...

Get the most out of your network equipment with this 10 Gigabit 10BaseG-ER ...
