

Indzawo Optic Connect

Plastic Fiber Optic Coupler

Plastic Fiber Optic Coupler

With high-precision components and tool-less design, the adapters allow two ...

Discover fiber optic couplers for network connectivity. Find SC, LC, and ST adapters with low insertion loss for reliable connections.

These couplers utilize high-performance plastic optical fibers with a diameter of 1.0 mm with a 0.98mm core and 2.2 mm outer diameter, featuring a core made from polymethyl-methacrylate (PMMA) resin ...

Mouser offers inventory, pricing, & datasheets for Plastic Fiber Optic Connectors.

Engineered for minimal insertion loss and excellent return loss, this coupler guarantees consistent, high-speed connections in 10G/40G/100G Ethernet networks.

This allows you to connect two or more fiber optic cables together, creating a network or extending a connection. The plastic body of the couplers makes them lightweight and durable, while the ...

Thorlabs offers a varied selection of single mode (SM), polarization-maintaining (PM), multimode (MM), and double-clad fiber couplers, as well as 1x8 and 1x16 SM PLC splitters; 1x4, 1x8, and 1x16 PM ...

Industrial Fiber Optics designs and develops an extensive range of standard and custom plastic optical fiber (POF) connectors, including SMA, ST, FC, SC, Versatile Link, F05, F07, DNP, ...

With high-precision components and tool-less design, the adapters allow two devices to communicate from a distance through a direct connection with the fiber optic line.

L-com's quad plastic LC couplers are a compact and space-saving solution for connecting multiple fiber optic cables in a panel. They feature either ceramic or bronze alignment sleeves which provide ...

Fiber optic couplers or splitters are available in a wide range of styles and sizes to split or combine light with minimal loss. All couplers are manufactured using a very simple proprietary process that ...
