Price after tidying up the pigtails inside the server rack

Overview

At the moment, that's $150/hr. There are a lot of depends. anything from 1 man day to $250k for a single rack to single floor (with new cable runs, new patch panels & switches etc). Hourly rate (estimated) don't on a T&M engagement (Time & Materials). It doesn't lower the rate just because some one less qualified can do the job. Same as I charge for anything else on site. Assuming this requires downtime and therefore after hours, normal. Get your wiring in order with MBM's server room cabling and cable cleanup services. For Facility Managers, keeping server environments clean is about safeguarding uptime. Ever wondered how much damage dust buildup can do to your server rack?

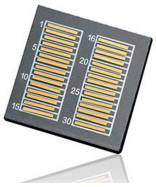

These real-life before-and-after images from our BACS cleaning team show the dramatic difference a precision clean can make—protecting equipment, improving airflow, and preventing costly downtime.
