

# **Price list for QSFP-DD fiber optic Ethernet switches for data center interconnection**

## Price list for QSFP-DD fiber optic Ethernet switches for data center

	<p>FS 400G data center switches offer high speeds and port densities to meet the network deployment requirements of various scenarios and the evolving requirements of next-generation data center ...</p>
	<p>Quad Small Form-factor Pluggable Double Density (QSFP-DD) solution that fits into high-density switch and router client ports for optical interconnect links</p>
	<p>Pricing displayed is provided by reseller and does not include applicable taxes and shipping. High-performance 25.6 Tbps, high-density access, aggregation or core switch designed for enterprise data ...</p>
	<p>Maximize Budget, Ensure Timely Delivery. 400G QSFP-DD Transceiver, 400GBASE-DR4, MPO-12,500m parallel. 400G QSFP-DD Transceiver,400G-FR4,Duplex LC,2km Duplex SMF. 400G QSFP ...</p>
	<p>Utilizing the latest in-house Sipro Coherent Optical Assemblies (COSA) and nano ...</p>

There are several models available, including 400G-QSFP-DD-SR8, 400G-QSFP-DD-SR4, 400G-QSFP-DD-DR4, 400G-QSFP-DD-DR4+, and more, based on transmission distance, optical ...

Utilizing the latest in-house Sipro Coherent Optical Assemblies (COSA) and nano-ITLA, the module provides excellent price/performance for a variety of applications ranging from data center ...

Whether you're planning on using your network for basic home tasks or enterprise level security. You can tell our trained sales professionals your needs, and we'll make custom ...

Our 400GB QSFP-DD transceivers are 100% compatibility tested and certified in our US based lab for use with Arista, Cisco, Dell, Juniper, Mellanox, Nokia, MSA generic, and data center optics - Limited ...

The Cisco ® family of QSFP-DD modules provide the industry's highest bandwidth density while leveraging the backward compatibility to lower-speed QSFP pluggable modules and cables.

## Contact Us

For more information, pricing, or custom solutions, please contact us:
