Price of optical cable installation features

Overview

Fiber optic cable installation costs between $1,500 and $7,000 for your home, with prices varying by cable length and installation method. The installation type you choose and the layout of your property determine the total labor and materials needed for your project. You should account for permit. Homeowners and businesses typically pay for fiber optic cable installation based on distance, conduit needs, and labor. Data aggregated from Q1 2026 contractor invoices across Texas, Ohio, and North Carolina.
