Rack and Cable Tray

	Refers to the approximate height of a cable tray used for specifying. Selecting a specific height will show cable trays with that height, as well as cable tray accessories compatible with that height.
	When cabinets are lined in a row, these trays create a dedicated path for cables helping to eliminate cable stress. The SRCABLETRAY organizes cables outside of the SmartRack enclosure.
	With unmatched quality and service, we offer a variety of styles, materials and finishes available to support virtually any commercial and industrial cable management application requirement.
	Chalfant Ladder Cable Tray Systems are ideal for indoor and outdoor cable management. They provide reliability, ease of installation, and cost savings both initially and long term.
	Snake Tray manufactures cable trays, power distribution solutions and cost-effective cable management systems for data centers, solar installations, transit & more.
