

SFP optical module package dimensions length width height

SFP optical module package dimensions length width height

The SFP module is designed to fit into a standard cage or connector on a network switch, router, or other networking devices. It has a small form-factor, measuring approximately 8.5 mm in height, 13.5 ...

Common SFP module dimensions are 56.5mm x 13.7mm x 8.5mm, where 13.7mm is the width of the module, 8.5mm is the height, and 56.5mm is the length. In the process of use, it is also necessary to ...

Key SFP MSA Standards and their scope Physical dimensions and mechanical interface (SFP28, SFP+ lineage): The classic SFP form factor defines the module's length, width, height, and ...

Figure 3-3 shows the total length and front height of Type 1, Type 2 and Type 3 OSFP modules. A Type 2 OSFP module provides maximum of 16mm additional length in front than a Type 1 module, and a ...

datasheet is intended to guide the user through the various options available when choosing an optic module for a given platform depending on the architecture. The following table lists the different ...
