Specifications of Explosion-proof Distribution Boxes in Mali

Overview

The explosion proof enclosure range has Atex, IECEx, UL Certification s suitable for Zone 1, 2, 21 and 22 Hazardous Areas applications. The highlights: Up to four control elements can be mounted under a single actuator. • Voltmeters and ammeters withstand ambient temperatures as. GRP enclosure (glass fibre-reinforced polyester resin). Specification code(I,II,IIB. Flameproof enclosure (Ex d IIB+H2), which can be used as feed distribution equipment in control and distribution system (such as distribution box, switch box of main circuit, control box, terminal box or motor starting box etc.) ·Enclosure: stainless steel. Equipped. IEP, a Malaysia-based industrial electrical power products, provides a variety of explosion proof electrical equipments ranging from Exd, Exde, Exe, Exn, Ex ia Ex p, Ex q, Ex m, etc. “SWITCH-RACK” or explosion proof distribution board is a word usually adopted to indicate an ensemble of control. FLAMEPROOF MULTI WAY DISTRIBUTION BOX. Available in five sizes, these boxes provide a wide range of termination and distribution. Atexdelvalle offers world-class explosion-protected solutions guaranteeing highest quality and performance with no compromise. Equipped with a specialised hinge structure which can prevent damage to the flameproof joints
