Suriname New Bridge

Overview

The high-span Corentyne River bridge will run approximately 3. 1 kilometres (km), connecting Moleson Creek in Guyana to South Drain in Suriname with a landing on Long Island in the Corentyne River, where a commercial hub and tourist destination will be established. Irfaan Ali has signalled that he may meet Surinamese President Dr. “I think very early; maybe over this weekend. Guyana and Suriname have reiterated their commitment to advance with the highly-anticipated Corentyne River Bridge, which will link the two South American neighbours, by addressing key issues including technical and financial matters. Minister of Public Works Juan Edghill recently provided an update on the project during a meeting with the Berbice Chamber of Commerce. News Americas, New York, NY, December 9, 2024: Guyana and Suriname will soon be linked by a bridge. The two South American, CARICOM nations have taken a major step toward strengthening regional connectivity by selecting China Road and Bridge Corporation, (CRBC) to construct a 1.
