

Swiss 8-port industrial switch

Swiss 8-port industrial switch

It has all of the standard functions of the 852-1102 Industrial Switch, such as automatic data rate adjustment (autonegotiation). The ECO Switch also connects up to eight network devices to your ...

The Sixnet® 8-port Managed Industrial Ethernet Switch enables fast Ethernet connectivity for industrial equipment in extreme industrial settings. Rugged and high-performing with a range of advanced ...

This 8-port managed industrial PoE++ Gigabit switch includes two SFP+ data ports allowing you to connect extra devices depending on your needs. This ruggedized industrial switch is developed for ...

The D-Link DIS-100G Series industrial switches are compliant with all international requirements for product safety and electromagnetic compatibility that ensure ...

With an IP40 rated metal enclosure and fanless design, it can operate within a wide temperature range of -40 to 75°C (-40 to 167°F). This switch is ideal for harsh environments, such as distribution ...

Eight 10/100BaseTX RJ-45 ports. Unmanaged operation with automatic speed, flow and MDI/MDIX control. Supports full/half duplex operation and auto-polarity correction. Easy to install and built to ...

The D-Link DIS-100G Series industrial switches are compliant with all international requirements for product safety and electromagnetic compatibility that ensure safe deployment.

This 8-port managed industrial PoE++ Gigabit switch includes two SFP+ data ports allowing you to connect extra devices depending on your needs. This ruggedized ...

The EX32008 Series is a rugged unmanaged Ethernet switch with 8 Fast Ethernet ports . It has full wire speed throughput, QoS, energy efficiency, redundant power, and relay alarms for power failure and ...

Built with a temperature-hardened, DIN-rail mount design, this industrial switch powers and connects devices like IP cameras, sensors, and IoT endpoints in challenging environments while ensuring ...

With an IP40 rated metal enclosure and fanless design, it can operate within a ...

852-1328 WAGO industrial lean managed Ethernet switch, MAC Security, 8 ports, (6) Ethernet Gigabit (RJ45) and (2) SFP combo Gigabit port (s), Modbus TCP and SNMP, -20 to +70 deg C, metal ...

The EDS-208 is rated to operate at temperatures ranging from -10 to 60°C, and is rugged enough for any harsh industrial environment. The switches can be easily installed on a DIN rail as well as in ...
