

Swiss waterproof fiber optic connectors low loss directly from the manufacturer

Overview

These custom Swiss machined fiber optic connectors provide low insertion loss, with tight tolerances for accuracy in your application. Our components can either be fabricated as simplex or duplex connectors. From proprietary ferrule technology to custom assemblies, we deliver solutions that meet the highest demands. At DIAMOND SA, quality isn't an afterthought—it's. LEMO specialises in designing and manufacturing high-performance fibre optic connectors that ensure flawless signal integrity and data transmission in the most demanding environments. Combined with easy use, cleaning and maintenance. Tested for harsh and extreme environments (Norm IEC 61753-1 Cat. E) The FiberOptic range features a wide choice of body styles to fulfill all your. PRECI-DIP's vertical integration allows for the custom design of our products to meet every customer requirement, including waterproof and sealed connectors. This comprehensive approach ensures that each product is tailored to the specific needs of our clients, providing unparalleled flexibility.

Swiss waterproof fiber optic connectors low loss directly from the m

Their products are recognized for their exceptional ultra-low loss characteristics and have been successfully utilized in major space missions, showcasing their expertise in precision optical fiber ...

Through our extensive experience in addressing various customer demands, we have developed a strong expertise in sealed and waterproof connectors. To achieve optimal sealing, PRECI-DIP relies ...

Swiss-made fiber optic interconnects, developed for precision and reliability across demanding applications. Meet DIAMOND at preXcon to discuss your project from component to cleanroom ...

These custom Swiss machined fiber optic connectors provide low insertion loss, with tight tolerances for accuracy in your application. Our components can either be fabricated as simplex or duplex connectors.

LEMO connectors provide a stable and precise connection, minimising signal loss and ensuring consistent performance in the most demanding environment, over mating cycles.

Discover DIAMOND SA's high-performance fiber optic products, from advanced connectors to custom assemblies. Built with our proprietary ferrule technology, our solutions deliver precision and reliability ...

Nature of business: Diamond SA is a Swiss company with a long tradition of specialists in the design, manufacturing and assembly of connectors for precision optical fibers, both standard and ...

Take fiber optics onto the field without any compromise on sealing, cleaning and performances. Tested for harsh and extreme environments.

SENKO's Waterproof LC Connector boasts its IP68 1 rating while it keeps the industry standard LC-style connector footprint. Along with the Waterproof LC Adapter, this connector serves your environmental ...
