

Tanzania Cost Access Switch NRZ

Overview

The project connects Tanzania's Instant Payment System (TIPS) with Rwanda's National Payment Switch (RSwitch), allowing people and businesses to send and receive money instantly between bank accounts and mobile wallets in both countries. For the citizens of Rwanda and Tanzania, this integration. In an innovative move set to revolutionise how people send and spend money across East Africa, Rwanda and Tanzania have commenced bi-lateral discussions on technical modalities to link their national retail payment systems switches. The move marks a crucial step toward enabling instant, low-cost. Digital payments in Burundi rose steadily in the second quarter of 2025, but cash withdrawals and deposits still account for nearly half of all transactions.
