

Tunisian Explosion-proof Distribution Box Manufacturer

Overview

Warom specializes in manufacturing explosion-proof electrical equipment, with products covering explosion-proof lighting fixtures, explosion-proof distribution boxes, explosion-proof control equipment, explosion-proof motor switches, explosion-proof cable connectors, explosion-proof. Warom specializes in manufacturing explosion-proof electrical equipment, with products covering explosion-proof lighting fixtures, explosion-proof distribution boxes, explosion-proof control equipment, explosion-proof motor switches, explosion-proof cable connectors, explosion-proof. Providing quality explosion-proof products to customers, and spreading national spirit to the world. Leading to revitalize national explosion-proof industry, Warom Technology is marching forward to the great goal of creating a world brand. The HRT97 Series is fully IECEx and ATEX certified and suitable for Zone 2 gas and Zone 21/22 dust. Supermec ATEX Junction Box & Enclosures are designed to satisfy most of our clients' requirements for CONTROL explosion-proof and flameproof enclosures. All explosion-proof enclosures, lighting or power distribution boxes are manufactured using the latest technologies, both mechanical and. Options range from Ex d (flameproof enclosure) to Ex e

(increased safety) and Ex i (intrinsically safe) right through to Ex p (pressurized housing), as well as combinations of different explosion-protection types – always bearing in mind the most efficient solution for your application.

Tunisian Explosion-proof Distribution Box Manufacturer

The boxes can be combined and installed freely to save space and meet the requirements of various distribution systems. Client requirements incorporated on request.

All explosion-proof enclosures, lighting or power distribution boxes are manufactured using the latest technologies, both mechanical and electrical, using materials able to resist in most highly corrosive ...
