

Uruguay After-Sales Service for Transimpedance Amplifiers NRZ

Uruguay After-Sales Service for Transimpedance Amplifiers NRZ

Si su equipo se encuentra fuera de garantía, o por diferentes motivos el servicio oficial de Uruguay no cubre el daño en su dispositivo, podemos ayudarlo. Por esta razón disponemos de un amplio stock ...

Analog Devices' optical and logarithmic transimpedance amplifiers (TIAs) offer high performance, single-chip solutions for precise photodiode current-to-voltage conversion.

High-performance TIAs for next-generation optical receivers. Coherent's portfolio of high-speed transimpedance amplifiers (TIAs) delivers best-in-class signal integrity, high programmable gain, and ...

The portfolio includes transimpedance amplifiers (TIAs) supporting data rates up to 43 Gb/s for optical fiber communications applications. MACOM serves customers with a broad product portfolio that ...

Our high-bandwidth transimpedance amplifier (TIA) portfolio includes devices with variable gain settings, fast recovery time, internal input protection and fully differential outputs that are optimized for a wide ...

The transimpedance amplifier TZA500 is designed for precise measurement of current, from pA to mA. The output is a voltage linearly proportional to the input current.

Marvell's transimpedance amplifier (TIA) portfolio powers PAM4 and Coherent-based pluggable optical modules for high-speed cloud AI connectivity and long-haul optical links from 100G to 1.6T, and beyond.

Mouser is an authorized distributor for transimpedance amplifier manufacturers including Analog Devices, Texas Instruments & more. Please view our selection of transimpedance amplifiers below
